Highlights and Key Updates

We recorded 10 % growth on yearly basis

Using our exclusive business strategy which is generates positive cash flows or earnings faster than the overall economy then we try to reinvest this earnings back into the company as opposed to paying out dividends to continue spurring growth.

Our people count grew by 5%.

People are at the core of what we do. Our dynamic, inclusive, and flexible culture focused on learning and collaboration. We're empowering our people and those in our communities to develop skills for the future.

Growth by 2027 due to multiple merger and acquisition transactions

We are looking to expand not just in GCC market but internationally as well in different sectors doing potential M&A transactions.
